NOTICE

NOTICE is hereby given that **33rd Annual General Meeting** of the Members of Hilltone Software and Gases Limited, will be held on **Friday, 25th September 2026 at 03.00 P.M** through Video Conferencing (“VC”) or Other Audio-Visual Means (“OAVM”) to transact the following business:

ORDINARY BUSINESS

1. To receive, consider and adopt the audited financial statements of the Company for the financial year ended on 31st March, 2026 and the reports of the Board of Directors’ and Auditors’ thereon;
2. To appoint a director in place of Mr. Niketbhai Mahendrabhai Shah (DIN: 00278968), who retires by rotation and being eligible, has offered himself for reappointment.

SPECIAL BUSINESS

3. To Appoint Mr. Bhupeshbhai Ambalal Patel (DIN: 11833797) as Non-Executive Independent Director
To consider and, if thought fit, to pass, with or without modifications, the following resolution(s) as a Special Resolution:

“RESOLVED THAT pursuant to the provisions of Sections 149, 150, 152, 160, 161, read with Schedule IV and other applicable provisions, if any, of the Companies Act, 2013 (‘Act’) and the Companies (Appointment and Qualification of Directors) Rules, 2014 as well as other Rules made thereunder and pursuant to applicable provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (‘Listing Regulations’), as amended (including any statutory modification(s) or re-enactment(s) thereof for the time being in force), the provisions of the Articles of Association of the Company and based on the recommendation of the Nomination and Remuneration Committee and approval of the Board of Directors of the Company, Mr. Bhupeshbhai Ambalal Patel (DIN: 11833797), who has submitted a declaration that he meets the criteria of independence under Section 149(6) of the Act read with Rules framed thereunder and Regulation 16(1)(b) of the Listing Regulations and is eligible for appointment under the provisions of the Act, read with the Rules made thereunder and the applicable provisions of Listing Regulations, and in respect of whom the Company has received a notice in writing under Section 160(1) of the Act proposing his candidature for the office of an Independent Director, be and is hereby appointed as an Independent Director (under Non-Executive category) of the Company, to hold office for a term of five consecutive years i.e., from 25th September, 2026 till 24th September, 2031 and not liable to retire by rotation.

“RESOLVED FURTHER THAT any Director, CFO and the Company Secretary be and are hereby severally authorized to do all such acts, deeds, matters and things and execute all documents or writings as may be necessary, desirable or expedient to give effect to the above resolutions, including completing necessary filings with the relevant regulatory authorities regarding such appointment.”

4. TO ADOPT A NEW SET OF ARTICLES OF ASSOCIATION

To consider and, if thought fit, to pass, with or without modifications, the following resolution(s) as a Special Resolution:

“RESOLVED THAT pursuant to the provisions of Section 5, 14, 15 and all other applicable provisions of the Companies Act, 2013, read with Companies (Incorporation) Rules, 2014 (including any statutory modification(s) or re-enactment thereof, for the time being in force), and subject to such other requisite approvals, if any, in this regard from appropriate authorities and terms(s), condition(s), amendment(s), modification(s), as may be required or suggested by any such appropriate authorities, and agreed to by the Board of Directors of the Company (hereinafter referred to as “Board” which term shall include any Committee), the consent of the members of the Company be and is hereby accorded to amend Articles of Association as under:

Addition of following Clauses after Clause 91

92. Number of Managing Directors

Subject to the provisions of the Companies Act, the Company may from time to time to appoint one or more Managing Directors, Joint Managing Director, or Co-Managing Director of the Company. The Board may determine their term of office, remuneration, duties, and conditions of service, subject to any required approvals of the shareholders in a General Meeting.

93. Division of Management Powers

Every Managing Director, Joint Managing Director, or Co-Managing Director so appointed shall be exercised with substantial powers of management over the affairs of the Company. Where more than one Managing Director is appointed, the Board may, at its absolute discretion, allocate, divide, or segregate specific business operations, geographic territories, or functional portfolios between them. Such division of power shall be recorded through a Board Resolution or separate employment agreements.

94. Exercise of Authority

Unless the Board decides otherwise or outlines specific restrictions in their terms of appointment, every Managing Director, Joint Managing Director, or Co-Managing Director shall have the power to act individually and bind the Company within their designated portfolio. For matters falling outside their individual portfolios, or for material corporate transactions (such as major capital expenditure, borrowing, or asset disposal), the joint approval or signature of at least two Managing Directors, or the prior sanction of the Board, shall be required.

95. Vacation of Office

Every Managing Director, Joint Managing Director, or Co-Managing Director shall automatically and immediately vacate office if they cease to hold the office of Director for any reason, or if the Board resolves to terminate their contract of employment as Managing Director.

RESOLVED FURTHER THAT the Board of Directors of the Company be and is hereby authorised to do all acts and take all such steps as may be necessary, proper or expedient to give effect to this resolution.

Resolved Further That any one of the Directors of the Company be and is hereby authorized to file necessary forms with Registrar of Companies and submit the certified copy of this resolution to the concerned authorities as and when required."

EXPLANATORY STATEMENT [Pursuant to Sections 102 and 110 of the Companies Act, 2013]**ITEM No. 3**

Mr. BHUPESH PATEL, holding Director Identification No. 11833797, is to be appointed as Director of the Company, under the category of Independent Director, pursuant to the provisions of Sections 149, 150, 152, 160, 161, read with Schedule IV and other applicable provisions, if any, of the Companies Act, 2013 ('Act') and the Companies (Appointment and Qualification of Directors) Rules, 2014 as well as other Rules made thereunder and pursuant to applicable provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'), as amended (including any statutory modification(s) or re-enactment(s) thereof for the time being in force), the provisions of the Articles of Association of the Company and based on the recommendation of the Nomination and Remuneration Committee and approval of the Board of Directors of the Company.

Further, Mr. BHUPESH PATEL has confirmed that he is not disqualified to act as a Director in terms of Section 164 of the Act and he is not debarred from holding the office of Director by virtue of any SEBI order or any other such authority and he is in compliance with Rule 6 of the Companies (Appointment and Qualification of Directors) Rules, 2014.

Given his expertise, knowledge and experience, the Board is of the opinion that it would be in the interest of the Company to avail his services as an Independent Director of the Company and he has given his consent to act as a Director of the Company.

A brief profile of Mr. BHUPESH PATEL is mentioned hereunder:

He is a dedicated business professional with hands-on experience in successfully managing and expanding a retail business. Known for making practical business decisions, building strong relationships with customers and stakeholders, and leading teams with integrity and accountability. Experienced in overseeing day-to-day operations, financial planning, regulatory compliance, and business development. Brings a proactive approach, strong leadership skills, and a commitment to driving long-term growth and organizational success. He is a Proprietor at Aastha Auto Gas Service, Indian Oil Petrol Pump, Mehsana. Further He is Business Partner in Santosh Gas Service, Indian Oil LPG Agency, Ahmedabad

Mr. BHUPESH PATEL is not related to any Director or KMP of the Company.

None of the other Directors / Key Managerial Personnel of the Company / their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

The Board of Directors of the Company recommends the resolution set out at Item No. 3 for approval of the Members as a Special Resolution.

ITEM No. 4

The Management is of opinion that given varied divisions of the company it is important that different management heads overlook different divisions and all divisions are managed independently. Therefore the Board in its meeting discussed the requirement that two or more managing directors or Joint Directors be appointed in the company.

For such purpose the company needs to add clause of such in its Articles of Association.

Pursuant to Section 14 of the Companies Act, 2013 ("Act"), the consent of the members of the Company by way of a Special Resolution is required for adoption of a new set of Articles of Association of the Company. Accordingly, this matter has been placed before the Shareholders for approval.

The Board of Directors of the Company, therefore, recommends passing of the resolution as set out in the Notice as Item No 4.

A copy of the proposed new set of the Articles of Association of the Company would be available for inspection at the registered office of the Company situated on all working days except Saturdays and Public Holidays between 9.30 A.M and 2.00 P.M upto the date of declaration of the results of voting by Postal Ballot by the Company and would be uploaded on the Company's Website for perusal by the shareholders.

None of the Directors, Key Managerial Person(s) of the Company including their relatives are, in any way, concerned or deemed to be interested in the proposed resolution.

**A. OVERALL REVIEW OF THE COMPANY
“HILLTONE SOFTWARE AND GASES
LIMITED”:**

Established in 1993, Hilltone Software and Gases Limited has attained the leadership position in the Manufacturing and Supply of Industrial and Medical Gases due to its excellent credentials, zeal to excel and an unswerving commitment to quality.

The Company has its plant at Santej using the latest technology and process to obtain the best quality Medical Oxygen and complete in-house analytical set to control our process at all stages. We also providing the entire range of industrial gases and medical gases like Nitrous Oxide - Bulk 'A' Type, Oxygen/ Nitrogen/ Co2/ D.A, Helium etc. We supplying Medical Gases to many reputed Hospitals and medical institutions like S.A.L hospital and medical institute, Krishna Heart Institute and many more (List of major customers enclosed herewith) in Trolleys of 40 cylinders on regular basis.

Hilltone Software and Gases Limited has a strong focus on Research and Development for process improvement, cost reduction and new product development. This is evident in the fact that Hilltone continuously modifies its production process to enhance flexibility on the use of various types and quality of the raw materials.

The Company has started Software Business during the year under review.

The Company has also full-fledged started the its Engineering division at its Haryana Plant.

Further, the following information on the economy and industry is based on the various reports on industry and websites and the Company is not responsible for any discrepancy/error in the information.

**B. OVERVIEW OF THE GLOBAL
ECONOMY:**

In FY26, global economic growth is expected to remain subdued, shaped by lingering inflationary pressures, elevated interest rates

in key developed markets, and continued geopolitical uncertainties. While easing inflation and potential monetary policy normalization may offer some support, cautious consumer spending and fragile global trade dynamics are likely to persist. As a result, global growth is projected to remain modest, with only a gradual recovery from the slowdown observed in 2025.

US economy is expected to remain resilient, supported by strong services activity and a stable labour market, though growth may moderate due to higher interest rates. Europe, including the UK, is likely to see subdued growth amid geopolitical tensions and high energy costs. China’s growth is expected to stay moderate due to real estate and industrial challenges. The Asia-Pacific region is projected to be the fastest-growing, driven by robust domestic demand.

**C. OVERVIEW OF THE INDIAN
ECONOMY:**

Real GDP or GDP at Constant Prices is estimated to attain a level of Rs. 192 lakh crore in FY26, against the First Revised Estimate GDP for the year FY25 of Rs. 178 lakh crore

The total expenditure that the government is expected to spend in FY27 Rs. 54 lakh crore, compared to the last financial year growth trajectory of around 10.1%. Real GDP has been grew by 7.6% in FY26 against the growth rate of 6.5% during FY25. Nominal GDP is expected to grow at 8.0% in FY26.

India’s economic outlook remains compelling. The country continues to benefit from a strong combination of structural drivers—manufacturing expansion, rising urbanization, digital adoption, and policy-led growth initiatives. The increasing share of manufacturing in the economy, along with initiatives such as Production Linked Incentive (PLI) schemes and supply chain localization, is expected to drive demand across sectors including steel, electronics, chemicals, and energy. At the same time, emerging sectors such as semiconductors, electric mobility, renewable energy, and advanced materials are creating new avenues for demand for high-value gas applications. Infrastructure development remains a key catalyst, with continued investment in transportation, logistics, and urban development expected to support industrial activity and long-term demand for gases across applications. While

the external environment may continue to present uncertainties—ranging from geopolitical developments to commodity price volatility—the structural growth story of the Indian economy remains intact.

D. INDUSTRY INSIGHT

Indian Industrial and Medical Gas Industry

The India medical gas market size reached USD 780 Million in 2025-2026. Looking forward, IMARC Group expects the market to reach USD 1,656.70 Million by 2033, exhibiting a growth rate (CAGR) of 9.03% during 2025-2033. The India medical gas market is driven by rapid healthcare infrastructure expansion, increasing adoption of advanced medical devices, rising demand for home healthcare services, government initiatives like the Ayushman Bharat scheme, and growing investments in domestic medical gas production, ensuring a steady supply to support hospitals, clinics, and emergency medical care. The rising utilization of industrial gases across various industries, such as steel manufacturing, pharmaceuticals, healthcare, etc., as they aid in optimizing processes, improving efficiency, streamlining operations, reducing costs, and increasing overall productivity, is primarily driving the India industrial gases market.

The Company has increased its total number of customer touch points through the growing network. Currently your company is catering to the need of Domestic Markets only but the Company's products have good demand in the international markets. The product wise performance of the Company is briefly described herein below.

(A) Oxygen: Oxygen is required in steel melting, fabrication, copper smelting, medical applications, etc. The use of oxygen improves the thermal efficiency of fuel. As a result, oxygen is used as a method of better energy production from available fuel. Oxygenation in different furnaces including those for steel, copper, cement production, etc will improve efficiency in energy generation. Similarly, oxygen can be used for hazardous waste clean-up, pollution treatment of water and in coal gasification systems. It can also be used as a replacement of chlorine in paper and pulp industry to reduce pollution. Your Company manufactures Oxygen for both medical and Industrial use. The Production in this year has

Increased of Oxygen to cater the high supply in the market.

(B) Nitrogen: Nitrogen is an inert material and is used in heat -treatment to create a neutral atmosphere. It is also used for the removal of air from contaminated mines having methane to avoid occurrence of fire. Huge quantities of nitrogen are used in blast furnaces and other furnace applications to make use of its neutral properties. It is also used as a source of nitrogenous fertiliser from ammonia which is obtained from the synthesis of nitrogen with hydrogen. Ammonia is also the starting point of chemicals like nitric acid, hydrazine and amines. Liquid nitrogen is used for cryogenic applications to take advantage of its low temperature properties in many applications like solvent extraction, recycling tires, food and pharmaceutical industry, hospitals, artificial insemination, enhanced oil recovery etc. Your Company manufactures Nitrogen for both medical and Industrial use. The Production in this year has Increased of Nitrogen to cater the high supply in the market.

(C) Argon: Your Company is involved in trading Argon Gas. Argon is known as 'Noble gas'. It does not mix with oxygen and is used in stainless and alloy steel production, MIG and TIG method of welding. Argon is also used in light bulbs for creating an inert atmosphere to increase the life of tungsten filaments.

(D) Hydrogen: Your Company is involved in trading Hydrogen. Hydrogen is presently made by the electrolysis of water and its production consumes a lot of energy. In spite of this handicap, it is used for the manufacture of edible oil fats like margarine from vegetable oils. Hydrogen is used to create a reducing atmosphere in heat -treatment furnaces. It is also needed for the manufacture of silicon chips. Liquid hydrogen is used as fuel in space shuttles. With the availability of hydrogen as a by-product from some chemical processes, its use has been growing. Many consider hydrogen as a future source of energy. Hydrogen is also used to remove sulphur from sour crude oil which is gaining ground because of emphasis on environmental protection.

(E) Carbon Dioxide: Gas Carbon Dioxide is traded by your Company. CO₂ is mainly used in food industry for carbonating beer, soft drinks, etc. Liquid carbon dioxide is used as a refrigerant in food industry. Carbon dioxide gas is used as a de -oxidant/insecticide for food

preservation, foundry applications and fire-fighting. Solid and liquid carbon-dioxide is used in many cryogenic applications, as in blood storage.

(F) Helium: This is a very light gas and is nobler than Argon. It is used in deep sea diving, balloons and many other applications including high quality electric welding and leak detection. Liquid Helium is used in MRIs at hospitals for its supra-conductive characteristics. Your Company is involved in trading of this gas.

(G) RISK AND CONCERN

The company has an effective framework for assessment and mitigation of the risk. The management of the Company identifies, reviews and develops a plan for reducing risks. Current global and domestic headwinds need to be closely monitored for their impact on the business operations. The Company has put in place appropriate measure for its mitigation including business portfolio risk, financial risk and legal risk and internal process risk.

(H) FUTURE SCENARIO

(I) We believe that the application of industrial gases will grow in all areas of manufacturing industry. Products like CNG, LNG and LCNG should join the portfolio since the nature of these products are similar. Shale gas is yet another area for growth of the industry. We think the country has challenges from 3Es, namely Energy, Environment and Eatables. These areas need a helping hand from the industrial gas industry to solve their problems. With rapid urbanization in the close vicinity of the plant, the Company will be investing more on environmental protection systems, policies and practices, leading to a possible increase in the cost of production. Your Company aims at enhancing and maximizing shareholders value by achieving appropriate trade-off between risk & returns.

(J) HUMAN RESOURCES

Human Resources play a critical role in driving Hilltone's strategies and growth. The Company endeavours to become the best place to work for its employees and to provide them with a nurturing environment that is essential for their growth. Hilltone has implemented comprehensive and well-structured HR policies to ensure employee growth both at personal and professional levels. The Company's talent pool comprises a diverse set of experienced and skilled people who play

key roles in enhancing business efficiency, devising strategies, setting up systems and evolving business as per industry requirements. The Company provides a safe, conducive and productive work environment to its people. Hilltone's strong organisational culture also enables it to attract talented resources.

(K) INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Your Company has an adequate system of internal controls to ensure that all the assets are safeguarded and are productive. Necessary checks and controls are in place to ensure that transactions are properly verified, adequately authorized, correctly recorded and properly reported. The Internal Auditors of the Company conduct Audit of various departments to ensure that internal controls are in place and are submitting quarterly reports to the Audit Committee. The management maintains adequate internal financial control systems encompassing its entire business operations, statutory compliances and Financial Reports.

(L) CONCLUSION

Your Company's primary focus will be to grow volumes across markets. The Company will address each market depending on local conditions and consumer trends. While we recognize that the global environment is extremely challenging, there are new opportunities emerging to meet consumer needs. Your Company will focus on profitable growth through a mix of brand led growth, innovation and cost efficiencies.

SECRETARIAL AUDIT REPORT

For the Financial Year ended on 31st March, 2026

To,

The Members,

HILLTONE SOFTWARE AND GASES LIMITED

B/4, K B COMPLEX, DAIRY ROAD, MEHSANA 384002

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by HILLTONE SOFTWARE AND GASES LIMITED. (hereinafter called the company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the HILLTONE SOFTWARE AND GASES LIMITED (name of the company's) books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering the financial year ended on 31st March, 2026 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by HILLTONE SOFTWARE AND GASES LIMITED ("the Company") for the financial year ended on 31st March, 2026, according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - d. The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - e. The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; and
 - h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;

However, it has been found that there were no instances requiring compliance with the provisions of the laws indicated at point (d), (e), (g), (h) of para (v) mentioned hereinabove during the period under review. Further, there were no instances of Foreign Direct Investment or External Commercial Borrowings.

I have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards issued by The Institute of Company Secretaries of India.
- ii. The Listing Agreements entered into by the Company with the Stock Exchange, i.e. Bombay Stock Exchange
- iii. SEBI(Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended);

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except as below:

The Company has delayed in submission of Cashflow statement with Standalone Results. The company paid a fine of Rs. 1,41,600/- for such delay

I further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. There were no changes in the composition of the Board of Directors during the period under review.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Majority decision at the Board Meetings as represented by the management were carried out unanimously whereas, as informed, there is a system of capturing the views of dissenting members' and recording the same as part of the minutes, wherever required.

I further report that based on review of compliance mechanism established by the company we are of opinion that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period there was no specific event/action having a major bearing on the company's affairs

INDEPENDENT AUDITOR'S REPORT

To The Members
Hilltone Software And Gases Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of HILLTONE SOFTWARE AND GASES LIMITED ('the Company'), which comprise the Balance Sheet as at 31st March 2026, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2026, and its profit, other comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified (SAs) under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in your audit of the standalone financial statements for the financial year ended March 31, 2026. These matters were addressed in the context of our audit of the standalone financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Standalone financial statement and our audit reports thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement therein, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes of equity of the Company in accordance with the Indian Accounting Standards (IND AS) specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules 2015, as amended and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that

an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The Income tax department had carried out a search operation at the office/factory premises of the Company on 14th May, 2025. No assets were seized or impounded. Income tax department is yet to frame the assessments of the search period. The Company does not expect any additional liability on account of search proceedings.

Our opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the Statement of Cash Flows and changes in equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards (IND AS) specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.
- e) On the basis of the written representations received from the directors as on 31st March, 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company does not have any pending litigations which would impact its financial position
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv.
 - a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") except for the entities consolidated with the company, or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") except for the entities consolidated with the company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - c) Based on the audit procedures that have been considered reasonable and 'appropriate in the circumstances, nothing has come to our notice that has caused

us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. The Company has not declared or paid any dividend during the year in contravention of the provision of Section 123 of the Companies Act, 2013.

vi. Based on our examination, which included test checks, the company have used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility except in respect of Haryana branch of company. Further, the audit trail facility has been operated throughout the year for all relevant transactions recorded in software except in respect of Haryana branch of company. Further, during the course of our audit, we did not come across any instance of audit trail features being tampered with during the year. Additionally, the audit trail has been preserved by the Company as per the statutory requirement for record retention.

2. With respect to the matters to be included in Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanation given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of section 197 of the Act.

3. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure — A to Independent Auditor's Report on Standalone Financial Statements

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of HILLTONE SOFTWARE AND GASES LIMITED of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of HILLTONE SOFTWARE AND GASES LIMITED ('the Company'), as of 31st March 2026 in conjunction with our audit of the Standalone Financial Statements of the Company for the period ended and as on that date.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note').

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act and the Guidance Note, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of Internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) Pertain to the maintenance of records that, in reasonable detail, accurately and

fairly reflect the transactions and dispositions of the assets of the company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

HILLTONE SOFTWARE & GASES LIMITED
Notes to the Standalone Financial Statements

Background

HILLTONE SOFTWARE & GASES LIMITED is a public company limited by shares incorporated in India. Its registered office is located at B/4, K B COMPLEX, DAIRY ROAD, MEHSANA, Gujarat, India, 384002

Hilltone Software and Gases Limited ("the company") is engaged in the business of trading of Industrial as well as Medical Oxygen gas and other allied gases as well as Software business.

Note 1 Significant accounting policies

This Note provides a list of the significant accounting policies adopted by the Company in preparation of these Standalone Financial Statements. These policies have been consistently applied to all the years presented, unless otherwise stated

a) Basis of preparation

i) Statement of Compliance:

The Financial Statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act, as amended.

ii) Historical cost convention:

The standalone financial statements have been prepared on a historical cost basis except for certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

iii) The Standalone Financial Statements have been prepared on accrual and going concern basis.

iv) The accounting policies are applied consistently to all the periods presented in the Standalone Financial Statements. All assets and liabilities have been classified as current or non-current as per the normal operating cycle of the Company and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

v) Recent accounting pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Group has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements. In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f April 1, 2025 - The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date, and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities

2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments - Disclosures, applicable w.e.f April 1, 2025 - The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

3. Ind AS 12, International Tax Reform - Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

b) Foreign currency transactions:

i) Functional and presentation currency:

Items included in the Standalone Financial Statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('functional currency'). The Standalone Financial Statements of the Company are presented in Indian currency (₹), which is also the functional currency of the Company.

ii) Transactions and balances:

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gain | (loss) resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in the Standalone Statement of Profit and Loss except that they are deferred in other equity if they relate to qualifying cash flow hedges. Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Standalone Statement of Profit and Loss, within finance costs. All other foreign exchange gain | (loss) presented in the Standalone Statement of Profit and Loss are on a net basis within other income | (expense). Non-monetary items that are measured at fair value that are denominated in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain | (loss). Non-monetary items that are measured in terms of historical cost in a foreign currency are not revalued.

c) Revenue recognition

i) Revenue from contracts with customers:

The Company is engaged in the manufacturing and supply of industrial and medical gases, while also offering eco-energy and digital software solutions.

Revenue is recognized by when control of the goods is transferred to the customer, in accordance with the terms of the contract. Control is deemed to be transferred upon delivery at the factory gate, at the customer's designated location, or upon handover to the freight carrier, as specified in the contract. A receivable is recognized at the point of delivery, as this represents the moment when the right to consideration becomes unconditional, with only the passage of time remaining before payment is due

HILLTONE SOFTWARE & GASES LIMITED

Notes to the Standalone Financial Statements

Revenue from services including those embedded in contract for sale of goods namely freight and insurance services mainly in case of export sales, is recognised upon completion of services.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

ii) Other income:

Eligible export incentives are recognised in the year in which the conditions precedent are met and there is no significant uncertainty about the collectability.

Interest income from financial assets is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividends are recognised in the Standalone Statement of Profit and Loss only when the right to receive payment is established; it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

Lease rental income is recognised on accrual basis.

d) Taxes

Income tax expense comprises current tax and deferred tax. Current tax is the tax payable on the taxable income of the current period based on the applicable income tax rates. Deferred tax reflects changes in deferred tax assets and liabilities attributable to temporary differences and unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. The Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit | (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the Standalone Balance Sheet date and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

The Company considers reversals of deferred income tax liabilities, projected future taxable income and tax planning strategies in making the assessment of deferred tax liabilities and realisability of deferred tax assets. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred income tax assets are deductible, the Management believes that the Company will realise the benefits of those deductible differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity.

e) Leases

As a lessee:

The Company assesses whether a contract is, or contains a lease, at inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: i) the contract involves the use of an identified asset ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and iii) the Company has the right to direct the use of the asset.

At the commencement date of the lease, the Company recognises a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is lessee, except for short-term leases (leases with a term of twelve months or less), leases of low value assets and, for contract where the lessee and lessor has right to terminate a lease without permission from the other party with no more than an insignificant penalty. The lease expense of such short-term leases, low value assets leases and cancellable leases, are recognised as an operating expense on a straight-line basis over the term of the lease.

At commencement date, lease liability is measured at the present value of the lease payments to be paid during non-cancellable period of the contract, discounted using the incremental borrowing rate. The right-of-use assets is initially recognised at the amount of the initial measurement of the corresponding lease liability, lease payments made at or before commencement date less any lease incentives received and any initial direct costs.

Subsequently the right-of-use asset is measured at cost less accumulated depreciation and any impairment losses. Lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using effective interest rate method) and reducing the carrying amount to reflect the lease payments made. The right-of-use asset and lease liability are also adjusted to reflect any lease modifications or revised in-substance fixed lease payments.

f) Current / non-current classification

The Company presents assets and liabilities in the balance sheet based on current and non-current classification. An asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when it is:

- a) expected to be settled in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

HILLTONE SOFTWARE & GASES LIMITED
Notes to the Standalone Financial Statements

g) Property, plant and equipment

All items of property, plant and equipment are stated at acquisition cost net of accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the carrying amount of asset or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance expenses are charged to the Standalone Statement of Profit and Loss during the period in which they are incurred. Gains or losses arising on retirement or disposal of assets are recognised in the Standalone Statement of Profit and Loss.

Spare parts, stand-by equipment and servicing equipment are recognised as property, plant and equipment if they are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and are expected to be used during more than one period.

Property, plant and equipment which are not ready for intended use as on the date of Standalone Balance Sheet are disclosed as 'Capital work-in-progress'.

Depreciation methods, estimated useful lives and residual value:

The charge in respect of periodic depreciation is derived after determining an estimate of expected useful life and the expected residual value of the assets at the end of its useful life. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life.

Depreciation is provided on a pro-rata basis on the straight-line method from the date of acquisition | installation till the date the assets are sold or disposed of:

Particulars	Useful life of assets (in Years)
Air conditioner	10
Camera	10
Furniture & fixtures	10
Computer	3
Computer Software	10
Office equipments	5
Vehicles	8
Factory Building	30
Plant and Equipment	25

The Company, based on technical evaluation carried out by internal technical experts, believes that the useful lives as given above best represents the period over which the management expects to use these assets. The residual values, useful lives and method of depreciation of property, plant and equipment are reviewed annually and adjusted prospectively, if appropriate.

The carrying amount of an asset is written down immediately to its recoverable amount if the carrying amount of the asset is greater than its estimated recoverable amount.

h) Intangible assets

Intangible assets acquired separately are measured, on initial recognition, at cost. Following the initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

The amortisation expense on intangible assets is recognised in the statement of profit and loss.

Intangible assets are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition.

i) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is any indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators. The Company bases its impairment calculation on detailed budgets and forecast calculations.

Impairment losses are recognised in the statement of profit or loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses on assets no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss.

j) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks, cash on hand and term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

k) Trade receivables

Trade receivables are recognised when the right to consideration becomes unconditional. These assets are held at amortised cost, using the effective interest rate (EIR) method where applicable, less provision for impairment based on expected credit loss.

l) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months from the reporting date. They are recognised initially at their fair value and subsequently measured at amortised cost using the EIR method.

m) Inventories

Inventories are stated at cost or net realisable value whichever is lower. Cost is determined on moving weighted average basis.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to effect the sale.

Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventory to the present location and condition. Cost includes the reclassification from equity of any gains or losses on qualifying cash flow hedges relating to purchases of raw material but excludes borrowing costs.

Due allowances are made for slow | non-moving, defective and obsolete inventories based on estimates made by the Company.

Items such as spare parts, stand-by equipment and servicing equipment which are not plant and machinery get classified as inventory.

Investments and other financial assets

n)

Classification:

The Company classifies its financial assets in the following measurement categories:

- i) Those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss)
- ii) Those measured at amortised cost

Debt instruments:

Initial recognition and measurement:

Financial asset is recognised when the Company becomes a party to the contractual provisions of the instrument. Financial asset is recognised initially at fair value plus, in the case of financial asset not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial asset carried at fair value through profit or loss are expensed in the Standalone Statement of Profit and Loss.

Subsequent measurement:

Subsequent measurement of debt instruments depends on the business model of the Company for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Measured at amortised cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the EIR method less impairment, if any, the amortisation of EIR and loss arising from impairment, if any is recognised in the Standalone Statement of Profit and Loss.

Measured at fair value through other comprehensive income (FVOCI):

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognised in the OCI. Interest income measured using the EIR method and impairment losses, if any are recognised in the Standalone Statement of Profit and Loss. On derecognition, cumulative gain | (loss) previously recognised in OCI is reclassified from the equity to other income in the Standalone Statement of Profit and Loss.

Measured at fair value through profit or loss (FVPL):

A financial asset not classified as either amortised cost or FVOCI, is classified as FVPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as other income in the Standalone Statement of Profit and Loss.

Equity instruments:

The Company subsequently measures all investments in equity instruments other than subsidiary companies and associate company at fair value. The Company has elected to present fair value gains and losses on such equity investments in other comprehensive income and there is no subsequent reclassification of these fair value gains and losses to the Standalone Statement of Profit and Loss. Dividends from such investments continue to be recognised in profit or loss as other income when the right to receive payment is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in the Standalone Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Investments in subsidiary companies, associate companies and joint venture company:

Investments in subsidiary companies, associate companies and joint venture company are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiary companies, associate companies and joint venture company, the difference between net disposal proceeds and the carrying amounts are recognised in the Standalone Statement of Profit and Loss.

Impairment of financial assets:

The Company assesses on a forward looking basis the expected credit losses associated with its financial assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Derecognition:

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset, the asset expires or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised through the Standalone Statement of Profit and Loss or other comprehensive income as applicable. Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retained substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Financial liabilities:

i) Classification as debt or equity:

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

ii) Initial recognition and measurement:

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the fair value.

iii) Subsequent measurement:

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Standalone Statement of Profit and Loss.

iv) Derecognition:

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

o)

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the Standalone Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the assets and settle the liabilities simultaneously.

HILLTONE SOFTWARE & GASES LIMITED
Notes to the Standalone Financial Statements

p) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Borrowings are removed from the Standalone Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income | (expense).

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

q) Borrowings Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred.

r) Provisions & contingent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each year end and reflect the best current estimate. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

s) Employee benefits

Retirement benefit in the form of contribution to provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company's liabilities towards gratuity payable to its employees are determined using the Actuarial Valuation Report which is obtained in accordance with Ind AS 19

Remeasurements, comprising of actuarial gains and losses are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- a) The date of the plan amendment or curtailment, and
- b) The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the standalone statement of profit and loss:

- a) Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- b) Net interest expense or income.

t) Earnings Per Share

Earnings per share (EPS) is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the EPS is the net profit for the period and any attributable tax thereto for the period.

For the purpose of calculating diluted EPS, the net profit for the period attributable to equity shareholders and the weighted average number of equity shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Critical estimates and judgements

Preparation of the Standalone Financial Statements requires use of accounting estimates, judgements and assumptions, which, by definition, will seldom equal the actual results. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the Standalone Financial Statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the Standalone Financial Statements. This Note provides an overview of the areas that involves a higher degree of judgements or complexity and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Standalone Financial Statements.

The areas involving critical estimates or judgements are:

- i) Estimation for income tax: Note 1 (d)
- ii) Estimation of useful life of tangible assets: Note 1 (i)
- iii) Estimation of provision for inventories: Note 1 (n)
- iv) Estimation of defined benefit obligations: Note 1 (u)
- v) Fair value measurements: Note 30

u)

The Income tax department had carried out a search operations at the office/factory premises of the Company on 14th May, 2025. No assets were seized or impounded. Income tax department is yet to frame the assessments of the search period. The Company does not expect any additional liability on account of search proceedings

2.1 Refer annexure note to Schedule 12 to 14 for the purpose of tangible assets offered as security

2.2 Refer Note 35 for contractual commitments for the acquisition of property, plant and equipment.

2.3. Assets categorized under "Assets held for Sale" continues to classify under the same head despite the fact that the Assets have not been sold within a twelve-month timeframe. This is due to unavailability of buyers and unique characteristics of the assets. Although the company actively engaged in ongoing efforts to identify a potential buyer for these assets. The management is still confident about the fair value of Assets held for Sale and therefore no impairment is provided to the carrying value of Assets held for Sale for the year ended

Trade receivables are valued considering provision for allowance using expected credit loss method. In addition to the historical pattern of credit losses, the Company has considered the likelihood of increased credit risks, subsequent recoveries, insurance and consequential default. This assessment is considering the nature of industries, impact immediately seen in the demand outlook of these industries and the financial strength of the customers in respect of whom amounts are receivable.

Allowance for doubtful debts in the Standalone Statement of Profit and Loss for the year ended as on 31.03.2026 is Rs. 9.08

B. Defined benefit plans:

The Company has following post employment benefits which are in the nature of defined benefit plans:

(a) Gratuity

The Company operates gratuity plan wherein every employee is entitled to the benefit as per scheme of the Company, for each completed year of service. The benefit vests only after five years of continuous service, except in case of death/disability of employee during service. The vested benefit is payable on separation from the Company, on retirement, death or termination.

Particulars	As at March 31, 2026	As at March 31, 2025

Defined benefit obligation	27.69	
Fair value of plan assets	-	
Total benefit liability	27.69	-

The net liability disclosed above relates to following funded and unfunded plans:

Particulars	As at March 31, 2026	As at March 31, 2025
Defined Benefit Obligation	27.69	25.30
Fair Value Of Plan Assets	-	-
Net Liability(Asset)	27.69	25.30

Significant estimates: Actuarial assumptions and sensitivity

The principal assumptions used in determining above defined benefit obligations for the Company's plans are shown below:

Particulars	For the Year ended March 31, 2026	For the Year ended March 31, 2025
Discount rate	7.00% p.a.	6.6% p.a.
Future salary increase	7.00% p.a.	7.00% p.a.
Attrition rate		-
Withdrawal Rates	Age 25 & Below : 10 % p.a. 25 to 35 : 8 % p.a. 35 to 45 : 6 % p.a. 45 to 55 : 4 % p.a. 55 & above : 2 % p.a.	Age 25 & Below : 10 % p.a. 25 to 35 : 8 % p.a. 35 to 45 : 6 % p.a. 45 to 55 : 4 % p.a. 55 & above : 2 % p.a.

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Change in assumptions	Impact on defined benefit obligation	
		For the Year ended March 31, 2026	For the Year ended March 31, 2025
Gratuity			
Discount rate	0.5% increase 0.5% decrease	-2.72% 2.87%	-2.99% 3.16%
Salary increase	0.5% increase 0.5% decrease	2.75% -2.69%	3.09% -2.97%
Withdrawal Rates	W.R. x 110% W.R. x 90%	-0.07% 0.05%	-0.02% 0.02%

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied while calculating the defined benefit liability recognised in the Standalone Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change as compared to the prior year.

Notes to the Standalone Financial Statements

Note 30 : Fair value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 -- This includes financial instruments measured using quoted prices. The fair value of all equity instruments which are traded on the Stock Exchanges is valued using the closing price as at the reporting period.
- Level 2 -- The fair value of financial instruments that are not traded in an active market (for example over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates.
- Level 3 -- If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved, wherever required, for valuation of significant assets, such as properties, unquoted financial assets and significant liabilities. Involvement of external valuers is decided upon by the Company after discussion with and approval by the Company's management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The Company, after discussions with its external valuers, determines which valuation techniques and inputs to use for each case.

At each reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Company verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents. The Company also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value measurement. Other fair value related disclosures are given in the relevant notes.

The management assessed that cash and cash equivalents, trade receivables, loans, other financial assets, trade payables, borrowings and other financial liabilities (excluding current maturities of long-term borrowings) approximate their carrying amounts largely due to the short-term maturities of these instruments.

The Company's principal financial liabilities comprise of loans and borrowings, trade payables and other financial liabilities. The loans and borrowings are primarily taken to finance and support the Company's operations. The Company's principal financial assets include loans, cash and cash equivalents, trade receivables and other financial assets.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management ensures that financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The risk management system is relevant to business reality, pragmatic and simple and involves the following:

Risk identification and definition: Focuses on identifying relevant risks, creating / updating clear definitions to ensure undisputed understanding along with details of the underlying root causes / contributing factors.

Risk classification: Focuses on understanding the various impacts of risks and the level of influence on its root causes. This involves identifying various processes generating the root causes and clear understanding of risk interrelationships.

Risk assessment and prioritisation: Focuses on determining risk priority and risk ownership for critical risks. This involves assessment of the various impacts taking into consideration risk appetite and existing mitigation controls.

Risk mitigation: Focuses on addressing critical risks to restrict their impact(s) to an acceptable level (within the defined risk appetite). This involves a clear definition of actions, responsibilities and milestones.

Risk reporting and monitoring: Focuses on providing to the Board periodic information on risk profile evolution and mitigation plans.

1. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk or Net asset value ("NAV") risk in case of investment in mutual funds. Financial instruments affected by market risk include investments, trade receivables, trade payables, loans and borrowings and deposits.

The sensitivity analysis in the following sections relate to the position as at March 31, 2026 and March 31, 2025.

The sensitivity of the relevant profit and loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2026 and March 31, 2025.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on loans and borrowings. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Increase/(decrease) in basis points	Increase/(decrease) in profit before tax
March 31, 2026		
Rupee borrowings	+50	-
	-50	-
March 31, 2025		
Rupee borrowings	+50	-
	-50	-

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

Foreign currency risk

The Company has international operations and is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk arises from future commercial transactions and recognised financial assets and liabilities denominated in a currency that is not its functional currency (Rs). The risk also includes highly probable foreign currency cash flows

As an estimation of the approximate impact of the foreign exchange rate risk, with respect to the Standalone Financial Statements, the Company has calculated the impact as follows:

Particulars	Foreign Currency Amount		Reporting Currency Amount	
	As at		As at	
	March 31, 2026	March 31, 2025	March 31, 2026	March 31, 2025
Accounts Receivable				
USD				
Accounts Payable				
USD	-	-	-	-

Foreign currency sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change USD exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The Company's exposure to foreign currency changes for all other currencies is not material.

Particulars	Change in USD rate	Effect on profit before tax
March 31, 2026	5%	-
	-5%	-
March 31, 2025	5%	-
	-5%	-

2 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counter party to a financial instrument fails to meet its contractual obligations. The Company is exposed to credit risk primarily from trade receivables, cash and cash equivalents, and other financial assets. The Company has a credit risk management policy in place to monitor and manage credit risk. The credit worthiness of customers is evaluated based on financial position, past experience, and other relevant factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the management. These limits are regularly monitored.

Trade receivables

Trade receivables are subject to credit limits, on going credit valuation, and account monitoring procedures. The Company applies the simplified approach for recognition of impairment loss allowance on trade receivables as permitted by Ind AS 109, which requires expected life time losses to be recognized from initial recognition of the receivables

With respect to financial instruments such as cash and cash equivalents, deposits with banks, and other financial assets, the Company's exposure to credit risk arises from the default of the counter party, with a maximum exposure equal to the carrying amount of these instruments. The Company deals only with reputable banks and financial institutions having high credit ratings to reduce the risk of counterparty default

There is no significant concentration of credit risk in respect of trade receivables, with exposure spread across a number of customers. The Company does not hold any collateral or other credit enhancements to cover its credit risk.

3 Liquidity Risk

The principal sources of liquidity of the Company are cash and cash equivalents, borrowings and the cash flow that is generated from operations. It believes that current cash and cash equivalents, tied up borrowing lines and cash flow that is generated from operations is sufficient to meet requirements. Accordingly, liquidity risk is perceived to be low

The following table shows the maturity analysis of financial liabilities of the Company based on contractually agreed undiscounted cash flows as at the Standalone Balance Sheet date

Note 32 : Capital Management

The primary objective of capital management is to maintain a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value, safeguard business continuity and support the growth of the Company. It determines the capital requirement based on annual operating plans and long-term and other strategic investment plans.

The Company manages its capital structure and makes adjustments to it in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes, within net debt, interest bearing loans and borrowings less cash and cash equivalents.

Particulars	As at March 31, 2026	As at March 31, 2025
Interest-bearing loans and borrowings (Note 12 & 14)	69.75	40.24
Less: cash and cash equivalent (Note 8)	362.20	158.35
Net debt	-292.45	-118.11
Equity share capital (Note 10)	1,317.78	1,093.08
Other equity (Note 11)	1,011.63	273.08
Total capital	2,329.41	1,366.16
Capital and net debt	2,036.96	1,248.05
Gearing ratio (%)	-14.36%	-9.46%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings.

The capital gearing ratio of the Company is negative as at the reporting date due to erosion of net worth arising from accumulated losses. This indicates stress on the Company's capital structure and may affect its ability to meet long-term financial obligations and raise additional funds. Management is taking necessary steps to improve the financial position and strengthen the capital base of the Company.

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2026 and March 31, 2025.
